

# **Spring General Meeting**

**Wednesday**

**May 19**

**3:45 p.m.**

**Upper Campus Band Room**

Your attendance at this meeting is especially critical — for several reasons. There is good news and bad news. Negotiations in a few areas have gone well, but in other key areas, they are stalled and perhaps heading towards impasse. The KS faculty at this point needs to be briefed on negotiations and then needs to make its feelings clear to the negotiation team. Labor law gives us a number of options.

To help with the briefing and with laying out these options, the negotiation team has asked our KSFA attorney, Dean Choy, to attend the meeting on Wednesday. Please be there.

Your attendance is also important as a way to demonstrate support for the hard work of the negotiation team, which has attended countless, sometimes fruitless meetings on your behalf.
